Virtual Boy™

August 1995

\$12 million in national television and print support targeting teens and young adults beginning in August.

Nintendo Power coverage planned.

- Virtual Boy revolutionizes the video game experience
- 32-bit game system features high speed risc-processing
- Exclusive LED (light emitting diode) display creates high-resolution, authentic 3-D images
- High-precision optical mirrors and red display combine for incredible graphics and depth
- Full range digital stereo creates a sound environment as realistic as the 3-D images
- Immerses players in a completely unique game experience

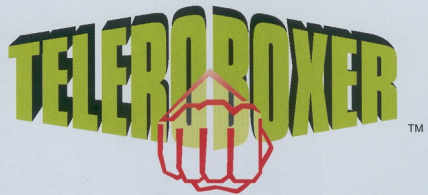

Includes

- Virtual Boy optics and CPU
- Advanced controller
- One game pak
- System stand

Virtual Boy games are so different that printing screen shots just won't do it.

The only way to experience the unique difference and incredible depth of the Virtual Boy system is to actually play it!

Precision optics.
Digital stereo.
A whole new way of playing video games.
Virtual Boy is absolute 3-D!

Teleroboxer

August 1995

Multi-million dollar national television and print support targeting teens and young adults beginning at introduction.

Nintendo Power coverage planned.

- Incredible 3-D graphics put you in the fight like never before
- Teleroboxer puts players right in the middle of futuristic bouts
- Throw right and left crosses, upper cuts and jabs in completely dimensional space
- Fight through 9 different robot boxers on the road to becoming the world champion

Galactic Pinball

August 1995

Multi-million dollar national television and print support targeting teens and young adults beginning at introduction.

Nintendo Power coverage planned.

- Offers 4 spacy, 3-D pinball games including a chance to save the world from alien invaders
- Test players' skill in levels like Cosmic, Colony, UFO and Alien
- Play control offers incredible challenges as the pinball flies and floats forward, backward, up, down and around incredible obstacles

Red Alarm

August 1995

Multi-million dollar national television and print support targeting teens and young adults beginning at introduction.

Nintendo Power coverage planned.

- Arcade style, high speed battle game takes players to the depths of space
- Players control futuristic spacecraft as they use a variety of weapons to combat alien attacks
- Spacecraft can travel freely in all 3 dimensions
- Completely rendered elements and environments create authentic 3-D action, adventure and challenges

WARIO CRUISE™

MARIO CLASH™

Wario Cruise

October 1995

Multi-million dollar national television and print support targeting teens and young adults beginning at introduction.

Nintendo Power coverage planned.

- Wario discovers a huge treasure is really a trap – sending him to new adventures in an underground world
- To win the treasure for himself, Wario must escape through a maze of caverns and tunnels
- Four dazzling, 3-D levels each feature 3 tough stages leading to the final confrontation
- It's like Wario Land has become real through the incredible sights and sounds of Virtual Boy

Mario Clash

August 1995

Multi-million dollar national television and print support targeting teens and young adults beginning at introduction.

Nintendo Power coverage planned.

- Virtual Boy brings a third dimension to this arcade style action game based on the original Mario Bros.
- The enemies come from above and below, left and right – even foreground and background
- Mario can run, jump and throw in all directions
- The farther you go, the harder it gets
- It's incredible arcade action, speeding through all 3 dimensions

MARIO'S DREAM TENNIS™

Mario's Dream Tennis

August 1995

Multi-million dollar national television and print support targeting teens and young adults beginning at introduction.

Nintendo Power coverage planned.

- Features what no other tennis simulation can, a real 3-D court that adds incredible depth
- Hit crisp passing shots, smash big serves or lob over the head of hapless opponents
- Singles or doubles can be played in one-player mode
- Link up for singles or doubles in two-player mode
